## **Other Items**

**Electricity** - You will need an adapter (to fit the outlets). You can order **M** plugs, the type used in South Africa, from Amzon.com. You **MAY** need a converter. Converters change the voltage but **MOST** device chargers automatically convert from 110v to 230v. Check the label to be sure. iPhone and iPad should not need a converter.

**Phones/Wireless** - Do **NOT** plan to use data unless you purchase an overseas data package before going, or your bill will be **HORRENDOUS**. You will be able to use wireless at the hotels and various other places.

### **Financial Planning - Meals**

Breakfast is included at the hotels, so eat a big breakfast!

Lunch: 8 meals

Dinner: 8 meals

Food is inexpensive; if you plan for \$20 per day, you should have money left over.

\* Bring \$6 in single bills for the coach driver - \$3 for E-town to IAD; \$3 for IAD to E-town.

\* Keep a copy of the phone number and your credit/debit card number in a separate place to call immediately if your card is lost or stolen.

**Time Zone** - Johannesburg/Durban are **6 hours** ahead of (EST) Eastern Standard Time.

**Temperatures** - Typical temperatures for this time of year range from **40s/60s** in Johannesburg, and **50s/70s** in Durban.
